

Dear Ohio Troopers –

In the summer of 1982, I participated in Buckeye Boys State and was mentored by Sgt. McClellan, Tpr. Robbins and Tpr. Myers. Additionally, I was privileged to attend Jr. Cadet Week @ the Highway Patrol Academy. This was my first exposure to professionals, and how they communicate, dress, comport themselves and the discipline they exercise. I'm still grateful for that early experience which benefits me to this day. I had recent privilege of lunch with Colonel Tom Rice. Among many stories and perspectives and appreciated, I heard Colonel Rice say that State Troopers of Ohio have some emerging fiscal challenges. In gratitude for my experience, I enclosed a check to help a bit. Thank you for dedicating your professional lives to protecting us.

Sincerely,

Bob Becker
